## INVITATION

The organizing committee on behalf of Society of Veterinary Biochemists and Biotechnologists of India (SVBBI) invites your active participation in the 9th Annual Convention and National Symposium on "Advancing Animal Health and Production through Biochemical and Biotechnological Innovations" to be organized during 28<sup>th</sup>-29<sup>th</sup> November, 2025 by Department of Veterinary Biochemistry, Faculty of Veterinary and Animal Sciences, West Bengal University of Animal And Fishery Sciences, Kolkata-700037, West Bengal, India.

## FOCAL THEME

The theme of "Advancing Animal Health and Production through Biochemical and Biotechnological Innovations" emphasizes how advancements in understanding and manipulating biological processes, particularly through biochemistry and biotechnology, can significantly improve the health and productivity of animal populations. This theme highlights the use of biotechnology for disease prevention, improved animal health, enhanced reproductive technologies, and increased productivity of livestock, Aquaculture, wildlife including Poultry and companion animals.

## HOST INSTITUTE AND VENUE

The venue of the symposium will be at West Bengal University of Animal & Fishery Sciences, 37, K.B. Sarani, Kolkata-700037. This University came into existence as a second Veterinary University in the country in the year 1995 at the site of century-old heritage institute of the Veterinary Education and Research, Bengal veterinary College established in the year 1893 and to impart education, training and to conduct research in veterinary and animal sciences, dairy sciences and fishery sciences. The University has been engaged in commendable task of improving the research infrastructure to develop cutting edge technologies for improved management of animal and fishery resources, disease problems, nutrients, water resources and environment. Significant achievement has been made to improve the research activities with the funds made available from State and Central Governments and nongovernment organizations.

Kolkata, the capital of West Bengal, is also known as the 'City of Joy'. The city is rich in history, art, and culture, as well as sports and socio-cultural activities. This was once the capital of British India; therefore there are architectural jewels everywhere. Kolkata is known as

the "Cultural Capital" for its rich literary and artistic heritage. Kolkata's cultural landscape is a blend of Eastern and Western influences. The city appeals to all visitors, offering a diverse range of interests from architectural marvels to glitzy malls, religious sites to performing arts centers, old institutions and universities to cutting-edge stadiums. The conference venue, Belgachia, is centrally placed in downtown Kolkata, offering good accessibility to various railway stations and the airport for a conference venue. The weather in Kolkata in November is normally comfortable, with temperatures ranging from 12 to 25°C, making it a perfect time to visit for a conference as well as exploration and sightseeing.

## TRANSPORT AND ACCOMMODATION

The Organizing Committee will provide transport facility to delegates from the Airport and Railway Station to the residential venue. Accommodation will be arranged in the Guest Houses/nearby Hotels at their own cost. Student participants will be accommodated in the dormitory on payment basis. Prior information is required on type of accommodation desired and travel plan with Train / Flight No.

## TECHNICAL SESSION

**Technical session I :** Biochemical & Biotechnological Perspectives of Animal Health, Production & Reproduction: Classical and Contemporary Approaches

**Technical session II:** Augmenting Animal Health through Disease Diagnostics and Vaccine Development

**Technical session III:** Advances in Genomics, Transcriptomics, Proteomics, and Metabolomics in Veterinary Science

**Technical session IV:** Role of Clinical Biochemistry in Disease Diagnosis and Management: Current Trends and Future Directions

**Technical session V:** Alternative Medicine, Pharmaceutical, Phytochemicals and Nutraceutical Research for Animal Health and Production

**Technical session VI:** Applied Biochemistry and Biotechnology in Aquaculture, Wildlife, Poultry and Companion Animals

**Technical session VII:** Presentation for Young Scientist Award, Best M.V.Sc & Ph.D. Thesis Awards and Industry-Academia-Student Meet

## REGISTRATION AND CALL FOR PAPERS/ABSTRACTS
